GUIDE

## ...ON THE TRAM

This booklet has been specially produced for tram travellers. It will tell you where, how and when you can make your journey and provide information about the best value ticket for you.

We take great care of our trams, keeping them clean and comfortable. They are 100% low floor throughout so it's easy for buggies, wheelchairs and shopaholics with their bags.

For most of the day, our trams glide into and out of the City Centre every 5 to 10 minutes and we've five FREE Park and Glide sites providing over

3,000 spaces. Every tram has a friendly conductor who will be happy to answer your questions and help you choose the best ticket for your journey.

Along with 10 million other people each year, enjoy the ride and do please let us know what you think!

# USING THE TRAM

- 1 Look up the time of your next tram in this guide or at [www.thetram.net](http://www.thetram.net), or just turn up (they're very frequent!).

- 2 The electronic display at the tram stop will show you when the next few trams will arrive.

- 3 All our trams are 100% low floor and have extra space for wheelchairs and buggies through their double doors. There are also priority seats for those less able to stand.

- 4 Please don't dash on while the doors are closing (we'd hate to squash you!).

- 5 Buy your ticket from, or show your pass to one of our friendly conductors. They'll be happy to give you change (though they love it when you have the correct money).

- 6 Before the tram moves away, hold on tight - especially if you're standing up.

- 7 Enjoy the journey and we'll get you there as quickly as we can.

- 8 When you want to get off at the next stop just push the yellow request stop button.

- 9 If you'd like to tell us about your experience we'd love to hear from you. Call us on 0115 942 7777 or email [info@thetram.net](mailto:info@thetram.net)

All passengers are carried subject to our Terms and Conditions of Carriage, available at [www.thetram.net](http://www.thetram.net)
